

THAT'S MY JAMBOARD

GOOGLE'S INTERACTIVE WHITEBOARD

IMPACT ON TEAM MEMBERS:

Positive: They get a chance to bring forward their opinion and observe the opinion of others.

Negative: If the manager is not clear upfront and in-process with directions the team can become lost with how to best engage.

BENEFIT TO MANAGER:

Provides a variety of techniques to keep online meetings engaging for team members and provides a way to brainstorm virtually.

WHY?

You want to heighten engagement among your blended team with active brainstorming and prioritizing.

WHEN?

- A decision needs to be made by the larger group.
- Energy and engagement is dropping off.
- You need to re-ignite your team members.

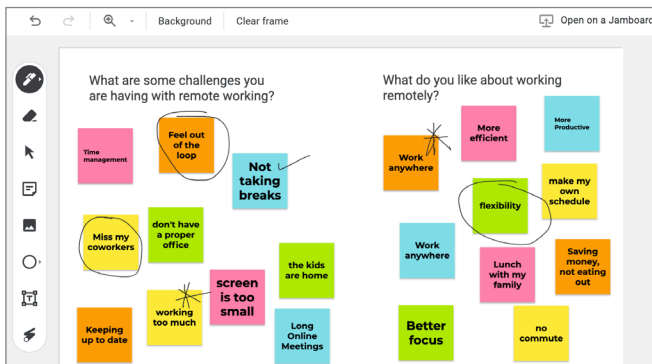

HOW?

BEFORE MEETING:

Go to <https://jamboard.google.com/>. Click the plus sign in the bottom right hand corner to create a new Jamboard. Open your Jamboard. Click the Share Button. Change the link to "Anyone with the Link" and "Editor." Have this link ready for your meeting.

IN MEETING:

Share the link with participants and have them open the Jamboard. Explain the task or topic you will be exploring. Instruct them to share/brainstorm using the tools in the left hand menu bar. This includes: pen, sticky note, text box, photos, and laser. Guide the discussion as participants share on the Jamboard.

Example: Using Jamboard for group brainstorming
